

IFSA Website — How to Use Your Website

A Simple Guide for Everyone (No Tech Knowledge Needed)

Before You Start — The One Thing to Know

Your website has **two sides**:

- **The public side** — what visitors see at your website address (e.g. ifsaacademy.in)
- **The admin panel** — your private control room at `ifsaacademy.in/admin.html`

Everything you want to change — photos, fees, schedule, announcements — you do through the **admin panel**. Visitors never see the admin panel. Only you can access it with your password.

How to Log In to Your Admin Panel

1. Open your web browser (Chrome, Safari, Firefox — any browser works)
2. Go to: `ifsaacademy.in/admin.html`
3. You'll see a password box. Type your admin password and press **Login**
4. The dashboard will open

⚠ **Important:** If you get it wrong 5 times in a row, the system will lock you out for 15 minutes. This is a safety feature to stop hackers. Just wait 15 minutes and try again.

💡 **Your session lasts 8 hours.** You'll see a countdown timer in the top right. After 8 hours you'll be automatically logged out. Just log back in.

The Admin Panel — What Each Section Does

When you log in, you'll see sections numbered 1 to 11. Here's what each one is for.

Hero Video Background

What it does: The big dramatic video that plays behind the homepage text. If you leave this empty, your photo slideshow plays instead.

To add a video:

1. Click the file picker and choose an MP4 video from your computer
2. Click **Upload**
3. The video will play automatically on your homepage (no sound, loops forever)

To remove it and go back to photos:

- Click the red **Remove Hero Video** button

 Video must be MP4 or WebM format, under 100MB.

1 — Home Page Slideshow (Photos Behind the Hero)

What it does: The scrolling strip of photos that appears on your homepage behind the welcome text.

To add photos:

1. Click the file picker labeled **Select Files**
2. Choose one or multiple photos from your computer (JPG or PNG)
3. Click **Upload**
4. Your photos will appear on the homepage automatically

To change the order of photos:

- Drag and drop the thumbnail images into the order you want
- A **Save Order** button will appear — click it to save

To delete a photo:

- Click the red trash icon on the photo you want to remove

 Photos must be JPG, PNG, or WebP. They'll be automatically optimised for faster loading.

2 — Gallery (The Gallery Page)

What it does: The full gallery page visitors can browse, with photos and videos organised by month and year.

To add photos or videos:

1. Click **Select Files** and choose your photos or videos
2. Pick the **Month** from the dropdown (e.g. May)

3. Type the **Year** (e.g. 2025)
4. In the **Alt Text** box, write a short description (e.g. "Students at belt grading May 2025") — this helps Google find your photos
5. Click **Upload**

To delete photos:

- Tick the checkbox on each photo you want to remove
- A **Delete Selected** button will appear — click it

 Photos: JPG, PNG, WebP. Videos: MP4 or WebM. Max 50MB per file.

3 — Documents (Downloadable PDFs)

What it does: Files that visitors can download from your Documents page — things like tournament rules, registration forms, grading syllabi.

To upload a document:

1. Click the file picker and choose a PDF
2. In the **Document Title** box, type a clear name (e.g. "Tournament Registration Form 2025")
3. Click **Upload**

To delete a document:

- Click the red delete button next to the document name

 Only PDF files are allowed.

4 — Calendar / Schedule

What it does: Events that appear on your Schedule page — gradings, tournaments, holidays, special classes.

To add an event:

1. Pick the **Date** using the date picker
2. Type the **Event Title** (e.g. "Black Belt Grading Ceremony")
3. Choose the **Type**:
 - **General** — any regular event or class update
 - **Exam** — grading / belt test
 - **Tournament** — competitions

- **Holiday** — days off / no classes

4. Click **Add**

To delete an event:

- Click the red trash icon next to it

| Events are shown on the Schedule page in date order, colour-coded by type.

5 — Notice Board (Announcements)

What it does: A notice that pops up on your website to inform students of something important — like "Classes cancelled on Sunday" or "Enrolments open for new batch."

To post a notice:

1. Type your message in the text box (e.g. "Classes will be held on Sunday 25th May due to the public holiday swap")
2. Optional: pick an **Expiry Date** — the notice will disappear automatically on that date. If you leave it blank, it stays up permanently until you delete it.
3. Click **Add**

To delete a notice:

- Click the trash icon next to it in the list

| 💡 Use the expiry date so you don't have to remember to come back and remove it.

6 — Locations & Pricing

What it does: The branch locations and fee plans that appear on your Pricing page and Homepage.

To add a new branch:

1. Fill in the **Branch Name** (e.g. Santacruz)
2. Fill in the **Label/Subtitle** (e.g. Main Dojo)
3. Paste in your **Google Maps Embed Link** — go to Google Maps, find your branch, click Share → Embed a map → copy only the link inside `src="..."` and paste it here
4. Fill in the **Beginner Plan**: price (numbers only, e.g. 1500) and features (type them separated by commas, e.g. "2 classes per week, Uniform included, Grading fees extra")
5. Fill in the **Advanced Plan**: same fields

6. Click + **Add New Location**

To delete a branch:

- Click the red delete button next to it
-

7 (shown as Section 6) — **Instructors**

What it does: The instructor cards on your Homepage and About page — with the flip-card effect (front: portrait photo; back: action photo).

To add an instructor:

1. Fill in **Name** (e.g. Sensei Rahul)
2. Fill in **Role** (e.g. Head Instructor)
3. Fill in **Rank** (e.g. 5th Dan Black Belt)
4. Upload a **Front Photo** — a clear portrait (the photo shown first)
5. Upload a **Back Photo** — an action shot (shown when the card is flipped)
6. Fill in a short **Description/Bio** (2-3 sentences about them)
7. Click **Add Instructor**

To delete an instructor:

- Click the red delete button on their card
-

8 (shown as Section 7) — **Testimonials**

What it does: The rotating quotes carousel on the homepage ("What Our Students Say").

To add a testimonial:

1. Type the student's **Name**
2. Type their **Belt Rank** (e.g. Green Belt)
3. Type their **Quote** (what they said about IFSA)
4. Upload their **Photo** (optional — a headshot works best)
5. Click **Add**

To delete a testimonial:

- Click the trash icon on it

9 (shown as Section 8) — Timetable

What it does: The weekly class schedule table that appears on the Homepage and Pricing page.

To add or update a class slot:

1. Pick the **Day** (Monday through Saturday)
2. Pick the **Time Slot** (Morning 6–8 AM, Evening 5–7 PM, or Advanced)
3. Type the **Batch Name** (e.g. Kids Karate, Adult Beginners)
4. Type the **Time** as you want it displayed (e.g. 6:00–7:00 AM)
5. Type the **Instructor** name (optional)
6. Click **Save Slot**

┃ If a slot already exists for that day + time, it will be replaced with your new entry.

To remove a slot:

- Click the delete button next to it in the list below the form
-

10 — Trial Bookings

What it does: Every time someone fills in the "Book Your Free Trial" form on your website, it lands here. This is your enquiry inbox.

What you'll see:

- Student name, phone number, email, age, preferred session, branch, and the date they submitted

To update a booking's status:

- Click the status badge next to any booking and change it:
 - **Pending** — just received, not yet contacted (shown in yellow)
 - **Contacted** — you've called or messaged them (shown in blue)
 - **Enrolled** — they've joined! (shown in green)

To delete a booking:

- Click the red trash icon

┃ 💡 Make it a habit to check this section daily and call Pending leads within 24 hours — that's when conversion is highest.

11 — Activity Log

What it does: A record of everything that's been changed in the admin panel — who uploaded what, when, and from which device.

You don't need to do anything here. It's just a safety record so you can see if anything unexpected happened.

Click **Refresh** to see the latest entries.

Common Tasks — Quick Reference

"I want to add new class photos from last weekend"

1. Log in to admin panel
 2. Go to **Section 2 — Gallery**
 3. Select your photos → pick month and year → write alt text → click **Upload**
-

"I want to change the class fees"

1. Log in to admin panel
 2. Go to **Section 6 — Locations & Pricing**
 3. Delete the old branch entry
 4. Re-add the branch with the new prices (*Note: there's no edit button yet — delete and re-add is the current method*)
-

"I want to announce that there's no class on Sunday"

1. Log in to admin panel
 2. Go to **Section 5 — Notice Board**
 3. Type your message
 4. Set an expiry date to the day after (so it disappears automatically)
 5. Click **Add**
-

"I want to add a new grading event to the schedule"

1. Log in to admin panel
 2. Go to **Section 4 — Calendar**
 3. Pick the date → type the title → select type "Exam" → click **Add**
-

"A student filled in the trial form — I want to mark them as contacted"

1. Log in to admin panel
 2. Go to **Section 10 — Trial Bookings**
 3. Find the student's name → click their status badge → change to **Contacted**
-

"I want to add a new PDF for students to download"

1. Log in to admin panel
 2. Go to **Section 3 — Documents**
 3. Select your PDF file → type a clear title → click **Upload**
-

"I want to change the weekly timetable"

1. Log in to admin panel
 2. Go to **Section 9 — Timetable**
 3. For each slot you want to change: pick the day + time slot → type the new batch name and time → click **Save Slot**
 4. To remove a slot entirely: click the delete button next to it
-

Troubleshooting — Common Problems

Problem	What to do
"I'm locked out of the admin panel"	Wait 15 minutes and try again. You had 5 wrong attempts.
"My session expired"	Just log in again at ifsaacademy.in/admin.html

Problem	What to do
"I uploaded a photo but it's not showing on the website"	Refresh the website page (Ctrl+R or Cmd+R). Sometimes it takes a few seconds.
"The website says 'Loading...' but nothing appears"	The server might be off. Contact your developer to check if the server (Node.js) is running.
"A student says they can't find a document I uploaded"	Check Section 3 — Documents. Make sure the file shows in the list. If yes, ask them to refresh.
"I deleted something by mistake"	Unfortunately there is no undo. You'll need to re-upload it. For gallery photos, check if you still have the original on your phone/computer.
"The Google Maps isn't showing for a branch"	The embed link may be wrong. Go back to Google Maps, re-copy the embed src link carefully, update the branch.

Things That Update Automatically (You Don't Need to Do Anything)

- **Expired announcements** — disappear on the date you set
- **Current year in the footer** — always shows the correct year
- **Events on the schedule** — sorted automatically by date
- **Images** — automatically compressed and optimised when you upload them

Things You Can't Change From the Admin Panel (Yet)

These require a developer to update directly in the code:

- The **stats numbers** on the homepage (500+ Students, 15+ Years, 50+ Medals, 4 Locations) — these are hardcoded
- The **programs section** text (Kids Karate / Adult Karate / Competition) — hardcoded
- The **footer contact details** (phone, email, address) — hardcoded
- The **"Why Choose IFSA"** section text — hardcoded
- The **belt progression timeline** descriptions — hardcoded

To change any of the above, ask your web developer to edit the relevant section in `INDEX.html`.

Keeping Your Website Secure

- **Never share your admin password** with people who don't need it
- **Use a strong password** — at least 12 characters, mix of letters, numbers, symbols
- **To change your password**, ask your developer to run `node change-password.js` on the server and give you the new hash
- **Always log out** when you're done, especially on a shared computer
- The admin panel address (`/admin.html`) is not linked anywhere on the public website — but don't share it publicly either

This guide covers everything you can do as of the current version of the website. Last updated: May 2026
